List of Dead Reaches Sixty-  
Three—Many Injured—  
Rescuers Searching

### MITCHELL TELLS CAUSE OF MINING DISASTERS

Atmospheric Conditions Are to  
Blame—Suggests Plans for  
Mine Protection

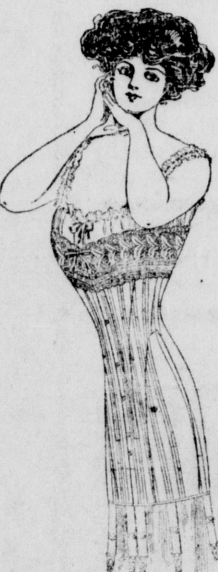

MEXICO CITY, Feb. 3.—It is estimated today that sixty-three perished and between thirty and forty were seriously injured in an explosion that wrecked the Paulau mine at Los Perantos yesterday. Fifty-two bodies were recovered on the third level of shaft No. 3. Lower levels are being explored by the rescuers.

### MITCHELL EXPLAINS CAUSE OF MINING DISASTERS

NEW YORK, Feb. 3.—John Mitchell, former president of the United Mine Workers, and one of the foremost mining authorities, has declared his belief that the change in atmospheric conditions usually prevalent at this time of the year, is responsible largely for the three great disasters of this week, which have killed 168 miners. He explained that the cold air entering the workings meets a warmer air from the depths of the mine and tends to create gas. He suggested that the following features should be demanded for proper ventilation for the workings: Emergency escape shafts, sounding pipes, through which liquid food could be poured in case the men were entombed; telephone systems making it possible to communicate with the lower workings after an explosion; compartments built throughout the mines in order to provide refuge in case of disaster. This, he said, would have saved many of the lives lost in the last week.

## WARRINER MAKES BIG ACCUSATIONS

Says Predecessor Was Short  
\$10,000—Gave Fortunes  
In Hush Money

CINCINNATI, Feb. 3.—Charles L. Warriner, convict, has reached for a muckraker to besmirch the good name of Frank Comstock, his predecessor as treasurer of the Big Four railroad. He testified that Comstock was short \$70,000 when Warriner became treasurer.

In testifying against Mrs. Ford, accused by him of receiving \$84,000 to keep quiet, Warriner said the first sum he gave her was \$750. He testified also that he gave Edgar S. Cook of Chicago, former treasurer, silence money. He said he endeavored to recoup the losses, but his investments were unsuccessful.

### OIL LAND WITHDRAWN

WASHINGTON, Feb. 3.—The Secretary of the Interior yesterday temporarily withdrew approximately 448,000 acres of land in California, in aid of proposed legislation affecting the use and distribution of the petroleum deposits on the public domain, making the total withdrawal in California 2,400,452 acres.

## FAIR MRS. LEEDS IS IN GREAT DEMAND

Lords and Plain Americans  
Aspire to Succeed Tin  
Plate Magnate

NEW YORK, Feb. 3.—Rumors of the possible marriage of Mrs. William B. Leeds, the widow of the tin plate magnate, to Captain Albert Paget, son of General Sir Arthur Paget, were revived when it became known today that the Englishman was scheduled to arrive here this afternoon on the ocean liner Aldiatric. Mrs. Leeds laughingly denied that there was anything between her and Paget, or Lord Alexander Thinnor, or James DeWolf Cutling of New York.

### PROFESSOR MAY DIE FOR DEFENSE OF PINCHOT

CHICAGO, Feb. 3.—T. Stanley Flydrichowicz, formerly professor of Philosophy in the University of Vienna, is dying because he denounced President Taft for dismissing Gifford Pinchot. He entered a saloon and ordered the beer, then entered into an argument regarding Pinchot's dismissal with O. Robert McCall and John Herold. It is alleged that they beat him so he can not recover. Both were arrested.

### HEAVY STORM CUTS INTO BANKS OF LUCIN CUT-OFF

OGDEN, Feb. 3.—A heavy storm threatens interruption of traffic on the Lucin cut-off across Salt Lake. High waves are making great holes in the embankment and work trains have been rushed to the scene in an attempt to save the cut-off from destruction. The water is two feet higher than at the same time last year. This is a menacing fact in prospect of the February and March gales.

### Princeton Orange-Cakes

Cream one-half cupful of butter and add gradually, while beating constantly, one and one-half cupfuls of sugar; then add the yolks of four eggs well beaten, one-half cupful of orange juice and grated rind of one orange. Mix and sift one and one-half cupfuls of flour, one-half cupful of corn starch and four teaspoonfuls of baking powder. Add to first mixture; then add the whites of four eggs, beaten until stiff. Bake in a buttered and floured pan in a moderate oven for forty-five minutes. An attractive frosting for this cake is known as Florida Frosting: Boil two cupfuls of sugar with one-half cupful of water until syrup will thread when dropped from tip of spoon. Pour gradually, while beating constantly, onto the beaten whites of three eggs; then add one-fourth of a teaspoonful of tartaric acid and one-fourth of a cupful of candied orange peel cut in small pieces, and continue the beating until of right consistency to spread.—Fannie Merritt Farmer in Woman's Home Companion for January.

Mr. Brown and his family were standing in front of the lion cage. "John," said Mrs. Brown, "if those animals were to escape, whom would you save first—me or the children?" "Me," answered John without hesitation.

## MINERS NAME ST. LOUIS AS MEETING PLACE

Convention of Mine Workers  
Ends After Tempestuous  
Session

### WAGE ADVANCE WILL BE CAUSE OF HOT FIGHT

Operators Oppose Increase—  
Big Strike Planned Long Ago  
May Materialize

INDIANAPOLIS, Feb. 3.—The United Mine Workers this morning closed a tumultuous convention. The selecting of St. Louis today for the place of the next meeting, caused an airing of grievances of individuals against the officers of various local unions, some of which will be taken up and settled on the floor of the next convention, instead of with the committee, as heretofore. The fight for the next convention was particularly bitter. Indianapolis, Toledo, Rochester, N. Y., and St. Louis all wanted it.

It is predicted the miners will stand by the demand for a flat increase of ten per cent in all the bituminous districts that will fight rather than concede a cent. Operators are known to be opposed to the demands. It is feared this question will come to a point for the great coal strike for which, it is said, the miners have been preparing for five years. The organization is in excellent financial condition and has a defense fund of \$2,000,000.

### HENINGER BROTHERS HAVE LET CONTRACTS

Heninger Bros. have let contracts for sidewalking both sides of Birch street from First to Chestnut streets, also on some side streets, making a total of about 2000 feet of sidewalk. The Heningers have lately been selling a good many lots and are building several houses. They report that not only is there considerable building on the south side but there is much prospective building.

BERLIN, Feb. 3.—A bill containing the ratification of the German-American tariff agreement was presented to the Reichstag today, following an announcement that the proposed bill for regulation of trade relations between the two countries had been approved by the Federal council. The bill is brief and does not enumerate the concessions Germany will make to the United States.

## SHIP SUBSIDY IS OUT OF COMMITTEE

Passage is Recommended of  
Administration Bill—Slight  
Change Made

WASHINGTON, Feb. 3.—The House committee on merchant marine today recommended the passage of the administration's ship subsidy bill as recommended by President Taft, and introduced by Representative Humphrey of Washington. The committee eliminated first class vessels from participation in the proposed subsidy. Otherwise the bill is the same as when introduced.

### DECREE FOR MRS. BROKAW WITH \$15,000 PER YEAR

MINEOLA, L. I., Feb. 3.—Mary Blair Brokaw today was granted a separation from William Gould Brokaw by Justice Putman in the New York supreme court and allowed \$15,000 yearly for her maintenance. The opinion holds that the allegations of cruelty were fully proven. Mrs. Brokaw wanted a \$30,000 allowance.

## HE DISTURBED JAP AND IS FINED \$5

C. C. L. Leslie of West Orange  
Swore to Two Complaints  
Today

C. C. L. Leslie of West Orange, is on the warpath. Twice a Jap named Nishikawa, who has been working for him for seven years, has been subject to peace disturbance. Leslie stated at the courthouse that once a member of a construction gang of the Southern California Edison Co. ran out in front of the Jap's outfit, scared the mules the Jap was driving, caused the animal to run away and throw the Jap to the ground and break the wagon and a number of water bottles on the wagon.

Another time a few stones were shied playfully at the Jap, causing him considerable difficulty. Leslie swore to two disturbing the peace complaints, charging John Doe and Richard Roe with the offenses. Constable Jackson went out and found that John Doe was Charles Gibson, whom he arrested. Gibson pleaded guilty and paid a fine of \$5. The constable knows who the Richard Roe is, and will arrest him soon.

## 3400 DAYS IN THREE MONTHS

Deputy Finley Points Out Vast  
Amount of Labor Going  
to Waste

Deputy District Attorney Finley, who is earnest in his contention that the county should put the hoboes in the county jail to a better use than breaking rock, has figured out that since Nov. 1 the hoboes in the jail have served about 3400 days. If each man were turned to shoveling gravel, the number of yards of gravel that could be loaded in that length of time would be enormous. Finley contends that the county should utilize this work immediately. The suggestion was made to the Board of Supervisors two or three weeks ago that the men could be used for shoveling gravel to be hauled onto the county roads, but as yet the supervisors have done nothing about the matter.

The hobo crop has been heavy. At one time the jailer has had as high as sixty-seven men in his charge. Some of the hoboes have been in for long sentences. Justice Smithwick generally hands out ten days. Justice Howard of Anaheim had a bunch of fourteen or fifteen before him a few weeks ago, a bunch that had been hanging about for some time. Each man of this crew received ninety days.

## PEARY WANTS TO GO TO THE SOUTH POLE

WASHINGTON, Feb. 3.—The board of managers of the National Geographic Society announced yesterday that Commander Peary had suggested that the society incorporate with the Peary Arctic Club to arrange for an expedition to be sent in quest of the South Pole. Peary proposed to start in December, 1911, and it is understood he says he can accomplish the feat. It is proposed the Peary club will furnish the Arctic steamer Roosevelt and the National Geographic Society \$50,000.

Proposed Honor for Peary  
WASHINGTON, Feb. 3.—Senator Hale of Maine has introduced a bill to make Commander Peary a rear admiral to be placed on the retired list, in recognition of his discovery of the North Pole. ## HIGH LIVING COST MAY NOW BE PROBED

Lodge's Resolution Providing  
For Investigation is Fav-  
ored by Senate

WASHINGTON, Feb. 3.—The senate finance committee today reported favorably on Senator Lodge's resolution providing for the investigation of the high cost of living by a special committee of five senators. It was then referred to the committee on contingent expense so that a fund may be provided for the investigation.

The quick action on the resolution, which was introduced only yesterday, are indicative that the finance committee wants quick action. It is expected that Senator Lodge will be chairman of the investigating committee. Lodge explains his purpose in making a sharp and thorough investigation that will reveal the real conditions, is to make possible a remedy. He says a long delayed investigation will defeat the purpose of the inquiry, as the result would come too late. It is generally believed the Lodge resolution will be put through the remaining formalities with the least delay, and that he will be appointed chairman to go ahead with the investigation.

## BACKER OF OPIUM RING BEING SOUGHT

"Chick" Wallace Said to be  
Hiding in San Francisco's  
Chinatown

SAN FRANCISCO, Feb. 3.—Agents of the Treasury Department, aided by the authorities, are searching Chinatown today for "Chick" Wallace, the reputed backer of the opium smuggling ring, which has successfully imported thousands of dollars worth of the poppy product in the last few months. The police were informed that Wallace arrived yesterday from Los Angeles, and is hiding in the Oriental quarters. It is believed his arrest will put an end to the smuggling operations on a big scale.

### The Lesser Evil

In Sammy Small's neighborhood there lived a family of boys who were irresistibly charming to Sammy, but not to Sammy's mother. In fact, Sammy's mother forbade him to ever go over to play with those boys again, and threatened punishment should he disobey her.

But one day Sammy disappeared, and his mother made inquiries. She learned that Sammy was over playing with the irresistible boys again. Accordingly, when Sammy returned from his visit he found his mother looking very stern, and with a remarkably square, forbidding lap which suggested spanking.

Sammy was promptly taken to task, and stood for a moment looking thoroughly miserable. Suddenly he brightened up and started to leave the room.

"Here, sir! Where are you going?" demanded his mother.

"I guess," answered Sammy, holding steadfastly on his way, "I'll go and shut myself in the closet."—Hamilton Pope Galt in Woman's Home Companion for February.

"I say Jones, dine with me at the house tonight, will you?" "Certainly, with pleasure. Will your wife expect me?" "No; that's the beauty of it. We had a quarrel this morning and I want to make her mad."—Peekskill Palladium.

### AUTOMOBILE SHOW OPENS MONDAY IN LOS ANGELES

A parade with 250 automobiles in line will be a feature of the opening of the Automobile Show of Southern California on Monday. The parade will start from the Grand Avenue Rink along Ninth to Broadway to First to Spring to Seventh to Main to Ninth to Grand Avenue. A large motor truck will carry the band.

Final touches are being given to the rink this week which is indeed a busy one for decorators and electricians. Thousands of electric lights will be strung on a trellis which will cover the whole display, giving the interior a most brilliant effect, and with a hundred cars on the floor the show is sure to be all that Manager Hempel has promised. The doors will open promptly at 8 o'clock Monday evening. Every exhibitor is planning to show at least three models so there will be no two cars alike; this means that every one of the five score will be different.

There has been a great demand for space in the last few days and many have been disappointed. There will not be an inch of space wasted. The setting of green and white will form a beautiful background for the many cars. The display spaces will be finished in green and the aisles will be carpeted in white. No individual decoration will be allowed and the committee will pass on every exhibit.

One of the most important questions which came before the committee yesterday was in regard to souvenirs, these must be submitted and passed upon. Every exhibitor has something for the visitor.

Tuesday night is to be Society night, and full dress is to be the order. This is sure to be a brilliant affair and flowers will be given as souvenirs. Special days have been set aside for the out of town guests and it is expected that the attendance will reach at least 20,000.

### HOMER DAVENPORT DEFENDS HIMSELF

Says Domestic Trouble Arose From No Scandal—Fails to Pay \$400 Alimony

SAN DIEGO, Feb. 3.—After reading in the press dispatches that a warrant for his arrest had been issued in New York, on the charge that he had failed to pay \$400 monthly alimony to his wife, Homer Davenport, the cartoonist, who is here recuperating from an illness, at the home of A. G. Spaulding, declared that there had been no scandals and no affinities in his family life. He held that the trouble between himself and his wife was because of dissimilar tastes and ideals. He said his wife's attacks on his moral life were possibly inspired by a woman whom he had welcomed to his home once, but to whom he later refused entrance.

WASHINGTON, D. C., Feb. 1.—When the Senate office building was erected each of the august statesmen was given two rooms. These were fitted with imposing mahogany furniture that did not cost as much as one might judge from the looks, the firm that provided it having lost money on the contract. The interior woodwork and the doors are also of dark brown wood as awesome and aristocratic looking as mahogany, if, indeed, they are not mahogany. clerks at work hammering typewriters. He gets the attention of the clerk, asks if the senator is in, and is told that he's busy.

Senators are always busy. Their time is occupied by the demands of friends from home, friends of bills pending in Congress favorable to certain individuals or corporations, and in dictating reams of letters to stenographers.

It's the friends from home that embarrass them, especially some senators from the West, where every man is as good as another and they don't go much on ceremony. At home the leading citizen walks into the senator's office, places his feet on the senator's desk and they spit into the same spittoon.

The leading citizen, dressed comfortably, but very plainly, visits the capital and after many tribulations lands in front of the dark and forbidding portal bearing the name of his friend, the senator, on a little brass plate.

He walks in, expecting to find the senator in his shirt sleeves sitting in a swivel chair such as adorn the best offices in Eagle Block, on Main

street, and reading the home paper. Instead, he encounters a number of busy young people, one of whom asks the occasion of the visit. He wants to see the senator. The senator is busy. He waits half an hour. Then he passes into the adjoining room, the private office, with the cold, accusing air of a grand jury.

Instinctively the senator knows of the story that is liable to be told out of home of his exclusiveness and the luxury of his surroundings. So he regrets that his friend was kept waiting when he should have been ushered in at once and does the best he can, in a tactful way, to let the visitor know that, despite the luxurious surroundings, he is the same plain citizen here as at home.

Some of the secretaries have orders that, when a caller who looks like one of the elect from home arrives, he is to be steered in no matter what is going on in the private office.

Members of the House do not have similar troubles. In the House office building each member has only one room and when the visitor enters he is in the presence of his representative. The furniture, too, is less expensive than that in the Senate building.

Newspapermen at the National Capital are a hardened lot of unregenerates. So thinks Senator Heyburn of Idaho, who, since his speech of last session in the Senate advocating abolishment of the press gallery and denouncing the correspondents for their frivolous handling of momentous events, hasn't been receiving very much attention in the public prints. So, also, thinks Senator Perkins, of California, now that the latest example of their irreverence has been brought to his attention.

A few weeks ago the California solon slipped on an icy pavement and bruised his spine. The news speedily reached the headquarters of the California newspaper correspondents. One of them became wildly excited.

"Oh, it's only a trivial injury," one of his colleagues expostulated.

"Trivial injury, hell," the perturbed one snorted, "My paper will want to get out an extra. Just think how he's hurt! Why, his back bone's injured. Do you hear that? And out our way, they never knew he had a backbone!"

Senator Perkins is laying for the joker.

\*\*\*\*  
All the Christmas vote would be cast, if the opportunity were presented, in favor of a bill just introduced by Senator Knute Nelson, of Minnesota, to correct an evil that was the source of much complaint last month.

It has to do with the "not-to-be-opened-until-Christmas" packages. Congress tried to pass a law providing that those words might be inscribed on a package without raising the cost for postage.

Some genius in the postoffice department during the recent anti-Christmas days, decided that the law referred only to packages to which were attached printed labels giving the "don't open" warning. He ruled that if the warning was written on the package the latter was transformed from merchandise into letter mail and subject to double the merchandise rate of postage.

The department officials held up hundreds of packages on the ground of insufficient postage and the result was much confusion and delay.

Nelson's bill provides in language that cannot be subject to misconception that the people may write the "don't open" notice on a package without changing the rate of postage.

Out near Banning, California, the Indians recently had a feast, the news of which has just reached the Indian office here.

In connection with the merrymaking, the Indians started to play a game that looked like touch tag. For home base they picked a cactus plant some distance off, near a vacant shack. While they were chasing one another around the desert, the agent in charge forgot his troubles and slumbered.

When he awoke finally, he noted that the cactus plant seemed to be the chief point of interest in the game. Bye and bye everyone hanging around home base so much the game grew stale. As one old buck was leaving the cactus plant, the moon came out strong. With the smooth white desert beneath him and the glorious moonshine above him and around him and inside of him, he felt inspired to perform a little shadow dance with a couple of whiskey bottles for castanets, to the accompaniment of several whoops. When his "whoop, whoop" changed to "hie, hie" the agent thought he would take a look at "home base."

There was an old blanket thrown over the plant and beneath that several quarts of "bottled in bond" and a few shining silver dollars. Inside the neighboring shack he found a Mexican peeping out of the window. The "greaser" had a pocket full of those silver dollars and several cases

## TRUST PAPERS HUSTLING

The trust papers are running overtime now in publishing figures to prove, first, that prices are not too high, and second if they are, that it is not the fault of the trusts.

It is easy to get up a bewildering display of figures to prove or disprove most anything. Of course, figures won't lie, but then you know the old saying, and it is proving true in this case. You go to the trusts and they furnish you some figures, adding a little here and clipping a little there. You shake them up in a basket and draw out a list for New York, another for Chicago, St. Louis, Kansas City, Omaha and so on to Los Angeles, where you manage to twist them into shapes that would bewilder even an expert at misinformation, and there you are. It is easier to baffle an issue than to clear it up.

For fear that Halley's comet would hit the earth, a citizen of Los Angeles attempted suicide the other night. The supposition is that he was intending to anticipate to general "destruction

of matter and wreck of worlds" by choosing his own way of exit. Or perhaps, he was afraid that in the universal collapse he supposed would follow such an event, he would somehow get "lost in the shuffle" and concluded to go "before the rush." But whatever may have been the moving cause of his insanity, he was foolish to let it get the upper hand of him. In the first place, Halley's comet is not going to hit the earth, and if it did, it would get the worst of it. Imaginary people should not allow themselves to think of such things. We should keep in a frame of mind to accept whatever may come with composure, and especially not worry about the way the universe is run.

And now we are told that if we would live long and die happy we should take care of the solar plexus. The public is well-advised generally as to "solar plexus blows," and figuratively speaking, has been the recipient of many such, but just how to literally care for the tender spot, it needs a whole lot of coaching.

Two hundred miles a second, 12,000 miles a minute, or 720,000 miles an hour is going some. That is how it happened that "Comet A 1910" managed to steal a march on us.

## The Political Watchtower

That the merry springtime of politics is here is evidenced by the rapidly increasing list of verification deputies appointed by declared candidates for office.

An examination of County Clerk Williams' books disclose the names of none who have entered the arena who were not already well known to be either in it or at its outskirts. So far two candidates for Republican nominations for supervisors have named their verification deputies. One of these candidates is H. H. Hale in the north end of the county and the other is D. A. MacMullen in the Orange-Olive-Yorba-EI Modena district.

Verification deputies appointed in the last two or three days are: For D. A. MacMullen, candidate for supervisor in the Fourth district, Will Feldner of West Orange, H. A. Brown of Orange, Erwin Bayha and Frank Velasco of Yorba, K. E. Watson of Orange, and J. C. Kelley of El Modena; for G. S. Smith, candidate for coroner and public administrator, Ross Waffle of Santa Ana; for H. A. Wassum, candidate for sheriff, G. M. Wright of Santa Ana, and S. E. Chaffee of Garden Grove; for C. E. Ruddock, candidate for sheriff, G. A. Ruddock of Fullerton; for S. M. Davis, candidate for district attorney, J. P. Small of Orange, E. M. Nealley of Tustin, and H. V. Weisel of Anaheim; for P. H. Krick, candidate for county clerk, C. E. Beckett of Santa Ana; for C. L. Conway, candidate for county treasurer, W. J. Harlin of Old Newport; for Curtis D. Wilbur, candidate for associate justice of the Supreme bench, P. S. Roper of Santa Ana; and H. V. Weisel of Anaheim; for J. L. Knevel, candidate for justice of the peace of Orange township, J. C. Kelley of El Modena; for O. P. Litten, candidate for constable of Orange township, H. Winslow of Orange; for C. R. Schenck, candidate for county surveyor, A. Hermes of Newport Beach; for Theo. A. Winbiger, candidate for coroner and public administrator, A. H. Lyon of Santa Ana; for J. C. Lamb, candidate for county tax collector, A. Hermes of Newport Beach.

Deputy County Clerk Joe Burke remarked at the courthouse this morning that up to the present time but one Democrat had appointed a verification clerk. That Democrat is James Fullerton, candidate for justice of the peace of Orange township.

Theo. A. Winbiger has announced his candidacy for the Republican nomination for coroner and public administrator, and is out seeking the support of his many friends all over the county. Mr. Winbiger has lived in this county practically all his life. He was born in Los Angeles in 1871 and came here with his parents in

Mr. Winbiger has never before been a candidate for office, and he now seeks a nomination from the Republican party, to which he has always belonged, for the first time. Mr. Winbiger is a man of wide-spread popularity. He is a man of good judgment and exceptionally well qualified to fulfill the duties of the two offices, coroner and public administrator, faithfully and efficiently.

## AVOID HARSH DRUGS

Many Cathartics Tend to Cause Injury to the Bowels

—If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless and colorless. Combined with other well known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons and aged people as well as for the most hearty persons.

They come in two size packages. 12 tablets 10 cents, 36 tablets 25 cents. Remember you can obtain them only at our store,—The Rexall Store, Dean's Drug Store.

—The Santa Ana Treatment Rooms, 511 North Main St., is fully equipped for giving almost every kind of water treatment that is used for the cure of disease. Try them.

## Attractions at the Theaters

At the Grand  
"The Country Squire" that comes to the Grand Opera House Saturday night is as bright and refreshing as a glass of water sparkling from the "Old Oaken Bucket" of childhood's days. It is indeed a privilege to witness this wholesome comedy that sends us home in love with the "Squire" and in sympathy with his kindly neighbors, after the surfeit of doubtful drama and musical farce, that throng the boards.

Lee Willard, who assumes the title role is not unknown to western theatre goers and his "John Storms" in "The Christian" is still favorably remembered.

Frederick Warde in Shakespeare and His Plays

On next Monday evening, Frederick Warde will deliver a lecture in Spurgeon's Hall on the subject of "The Wit and Wisdom of Shakespeare's Fools." The last of the Star entertainment course which was to take place Friday night, February 4, had to be postponed until Friday, February 18, owing to the inability of the company to reach Los Angeles on account of the wash-out on the Salt Lake lines. The Helen Goff Concert Company will be substituted for that reason.

Those holding Star course tickets who wish to see Frederick Warde will have an opportunity of doing so at special reduced prices, Monday night, February 7.

From David Starr Jordan, president Stanford University, Cal.: Permit me to express to you the very great pleasure it has given us to hear your lecture on Shakespeare and his art. As you could easily see you are a great favorite with our students. Not only was every seat in the hall taken, but every window had its occupant and the arcade for rods outside the building was filled with people anxious to hear you.

### Orchestra Recital

An appreciative audience that packed the First Baptist church last night to hear the orchestra recital given under the direction of Prof. H. C. Babize, was mightily well repaid for its attendance, as the recital was one of the most pleasing musical events that has been given in Santa Ana for many months. The orchestral numbers were given with a swing and a harmonious vigor that made them very attractive. The pipe organ support gave a depth and richness to the melody of the other instruments that was most valuable, and Mr. Percy Richards won encom-

iums on his skillful handling of the organ. The quartet, "Sicilian Chimes," was beautifully played by Mrs. Babize, violin, Miss Ruth Deardorff, piano, Prof. Babize, cello, and Mr. Pyke, flute. The cornet duet, "La Belle France," played by Messrs. Monst and Harris, was also an attractively rendered number.

The vocalists, Miss Emeline Petersen and Lloyd Sharp, were each deservedly encored, their encore numbers winning substantial applause. Miss Petersen sang the splendid number from Mendelssohn's "Elijah," "Hear Ye Israel," with great expression and with delightful purity of tone. Lloyd Sharp's beautiful baritone was heard to fine advantage in Roeckel's "Angus MacDonald."

Besides those already mentioned as taking solo numbers, there were the following in the orchestra, whose very excellent performance reflected credit on every member, as well as the efficient leader, Prof. Babize: Mr. Howard Gordon, Miss Nellie Hill, Mr. Otto Schroeder, Mr. Robert Witmer, Mr. Albert Hill, Mr. J. A. Overman.

### At the Clapps

A pleasant farewell party was given on Tuesday evening by Mr. and Mrs. B. L. Clapp at their home in the Pacific Electric tract in honor of Mr. and Mrs. Carl Salber, who have been visiting relatives here, and who departed yesterday for their Iowa home.

Progressive whist was played, as well as other games of interest. Refreshments were served by the hostess, and the evening was happily spent.

### Missionary Meeting

The beautiful new home of Mrs. Andrew Getty, 1420 North Main street was filled yesterday afternoon with members of the Women's Missionary Society of the United Presbyterian church. Mrs. Getty was assisted in entertaining by Mrs. Leigh Galloway and Mrs. J. A. Henderson.

Violets were used in the decorations of the home. Mrs. W. L. C. Samson, the president, presided, and Mrs. Will Currie led the devotional service. The study for the afternoon was "The Gospel in France," and the subject was in charge of Mrs. Samson. The program was as follows:

"A Short History of France from Its Beginning to 1494," Mrs. Samson.

"The Civil War and Religious Wars," by Mrs. Robert McFadden.

"Revolutionary France," Mrs. Getty.

"What Protestantism is Doing for France," Mrs. Robert Skiles.

"The McAll Missions," Mrs. D. L. Anderson.

Rev. Samson was present at the meeting and made a few remarks which closed the study program. A short business session followed during which Mrs. Samson read an interesting letter from Miss Ruth Work, a missionary in Assiut, Egypt. The society voted to invite the Presbyterian to Santa Ana in 1911. Miss Sarah

### Vermeulen-Hinze

A home wedding, witnessed by only relatives and close friends of the contracting parties, was that taking place last evening at the home of the bride's parents, Mr. and Mrs. Henry William Hinze, 802 S. Broadway, when Miss Erika Hinze became the bride of Fred Willard Vermeulen of Fullerton. Rev. J. W. Theiss of Los Angeles, a friend of the family, united the young people in marriage, and Mendelssohn's Wedding March was played in duet by Mrs. Theiss and her daughter, Miss Elizabeth Theiss. The bride was daintily gowned in pink silk, and sweet lilacs of the valley nestled in her hair and formed the bridal bouquet. The white and pink tints of the bridal costume were dominant in the decorative scheme of the parlors and the dining room, white and pink carnations showing daintily against the green of smilax and palms.

The wedding dinner was served at 4 o'clock, preceding the ceremony. At the dinner covers were laid only for the bride party, the officiating clergyman and his family, and the members of the immediate families. Following the wedding ceremony, the company present were entertained with delicious refreshments in the dining room.

Many handsome gifts were received by the bride couple, who left on the 8:30 car for Los Angeles, and for a sight-seeing trip to various points of interest. After March 1, Mr. and Mrs. Vermeulen will be at home in Fullerton, where Mr. Vermeulen, who is a pharmacist, is with the Starbuck Drug Co.

Mrs. Vermeulen, who has not long resided here, is the daughter of H. W. Hinze, the builder and superintendent of the Southern California sugar factory.

### Young Ladies Travelers

The home of Mr. and Mrs. Henry Rutherford was the scene last night of a merry gathering, one-half of the members of the Young Ladies' Travel Club being hostesses to the remaining half and their guests. Flowers here and there lent a festive air to the parlors, while the animated faces of the young maids and matrons were the most pleasing sight of the evening. The hostesses were Mrs. Rutherford, Mrs. Clyde Walker, Misses Long, Norton, Montgomery, Wells, Smart, Wakeham, Kirk and Minter.

A progressive game of cities was played, and its unique features were enjoyable. The various tables on which the games were played, represented different countries, and the players found their places by the flags of the countries placed on the tables. The prize given the successful contestant in this interesting game was a quaint Dutch landscape picture, and was won by Miss Lulu

Minter. The score was kept by stringing little Dutch shoes on ribbon.

The salads were served in the form of little Dutch windmills that were cunning as well as appetizing. Cakes and ice cream were also served.

### Ladies Aid Meeting

The members of the Ladies' Aid Society of the First Presbyterian church are requested to take their thimbles with them to the meeting of tomorrow afternoon at 2:30 o'clock at the church, as there will be sewing on hand to be done. All are urged to be present.

### Clover Sewing Club

This club met yesterday at the home of Mrs. J. S. Robinson, on West Fourth street. The occasion was made more than usually pleasant by the presentation of a beautiful silver berry spoon to Mrs. Robinson by the club in honor of her silver wedding anniversary, which fell on last Monday. Delicious refreshments were served by the hostess, assisted by her daughters, Mesdames Charles Mitchell and C. N. Turner.

Those enjoying the afternoon were Mesdames Rudolph, Scott, Crissman, J. W. Mitchell, Moore, Allen, Young, Fisher, Galbraith, Ramsey, Bates, Schmiedberg.

### All Day Meeting

The all day meeting of the various women's societies of the First Methodist church was held yesterday and was opened with routine business of the Ladies' Aid Society. An appetizing lunch was served at noon that attracted some 125 of the members of the church and congregation.

In the afternoon the Home Missionary Society had charge of a program, with Mrs. J. H. Edwards as leader. Mrs. Edwards read an interesting paper, "The Bondman," the negro being the subject of discussion. A reading along the line of Mrs. Edwards' paper was given by Mrs. Wassum. A report from the DePaul Spanish Industrial School at Prospect Park, Los Angeles, a school supported by the Methodists, was to the effect that a young Mexican girl sent there by the Santa Ana society is doing well in every way. A committee to draw up resolutions on the death of Mrs. A. L. Dearing, the beloved treasurer of the local Foreign Missionary Society, was appointed.

### Helping Hand Society

The Helping Hand Society of the First Baptist church met at the home of Mrs. Lou P. Hickox yesterday afternoon, with a large attendance. The ladies were busy with their sewing after the business of the afternoon had been disposed of.

### Fraternal Aid Social

It goes without saying that the Fraternal Aiders had a good time at their box social last night, for the general members of the F.A.A. always have a good time, even if there should happen to be but a handful of them together, which is seldom the case, and certainly was not so last

night. A large crowd assembled and the ladies took boxes of good things to eat, and so fine is the reputation of the Fraternal Aid cooks that Auctioneer Hayes was kept busy selling the boxes, to fill the big demand for them. Hot coffee was served with the lunches and everybody made merry.

A well prepared and well rendered program, and an hour of dancing completed a jolly evening.

### Free Stereopticon Lecture

Tonight at the First Presbyterian church, at 7:30 o'clock, a free stereopticon lecture on Korea will be given by Rev. Hall. The pictures to be used were all taken by Rev. Hall, who has been working in the Korean field. This lecture is purely educational, and all are very cordially invited to be present. Neither admission fee nor offering of any kind will be taken. The lecture will be of timely interest to all who have followed the course of Japan toward Korea, and the attitude of the Hermit Kingdom to that empire.

### SOUR STOMACH

Mi-o-na Puts the Stomach in Fine Shape in Five Minutes

If your stomach is continually kicking up a disturbance; if you feel bloated and distressed; if you belch gas and sour food into the mouth, then you need Mi-o-na Stomach Tablets.

Mi-o-na stomach tablets give instant relief, of course, but they do more; they drive out the poisonous gases that cause fermentation of food and thoroughly clean, renovate and strengthen the stomach so that it can readily digest food without artificial aid.

Mi-o-na stomach tablets are guaranteed to cure indigestion, acute or chronic, or money back. This means that nervousness, dizziness and biliousness will disappear. Druggists everywhere and the Rowley Drug Co. sell Mi-o-na for 50c.

"I was under the care of four different doctors during nine months and was cured of dyspepsia by Mi-o-na," Mr. Joseph Grondine, 197 Fountain street, Fall River, Mass.

## The Echo from THE KANSAS TIN SHOP Says

Good Fish? Good Fish??

There is no more palatable dish than a good fish. All fish are not equally good and no kind of a fish is fit to eat after it has absorbed the poison stored up in the gall bladder. A part of that poison is washed out when the fish is pickled in salt brine for a considerable time, but the flesh is still tender and not the natural flavor.

Any fish when first caught is firm and springy and the pressure of the finger leaves no depression and if the fish is bled, as you would bleed an animal and the entrails are immediately removed the flesh remains firm for a long time. In the one condition the fish is "good eating"—in the other condition (and that's the condition in which nineteen out of every twenty fish offered for sale is found) it is not fit to eat.

Now don't accuse me of trying to spoil the fisherman's trade. Not so. The buyer wants to see a plump fish and often refuses to buy one that has been cut open.

If the buyer will insist that the fish be treated as a sheep or a hog is treated when prepared for the market, they will like it so well that they will want more of it and the demand will be doubled. Thus the fisherman and the eater will be the gainer.

## FEW PRESENT FOR ELECTION

An Informal Discussion of A.  
U. W. Co. Affairs Held  
Last Saturday

Anaheim Gazette: Four hundred and sixty-four shares responded to roll call at the annual meeting of stockholders in the Anaheim Union Water Company on Saturday morning, out of a total of 8004 shares issued, and thus, for the third year, no quorum was present. President Crowther called the meeting to order, and Secretary Krick called the roll for the last time previous to his leaving the office. Harry Armstrong, the new secretary, kept tally while the call of the roll proceeded. Not a dozen men were present in the meeting room.

Mr. Crowther was one of the first to answer present, with 114 shares, and other directors were in attendance as follows: Mr. Drake, 47 shares; H. H. Hale, 40; B. F. Porter, 50; A. S. Bradford, 103, and G. W. Sherman, 60.

Among the absentees were Jacob Stern, the largest stockholder in the company, with 346 shares, and C. C. Chapman with 296.

For the first time the roll call bore the name of Nat Goodwin, the actor, and Edna Goodrich Goodwin, his wife, who last year purchased the Hervey ranch at Placentia. A portion of Goodwin's stock is mortgaged to T. B. Dudley of Santa Monica, who some years ago married Mrs. F. G. Ryan, formerly a resident of Brookhurst.

Mr. Crowther announced that as no quorum was present no business could be transacted, but that an informal discussion of affairs would ensue.

Secretary Krick read the report of the board of audit.

H. H. Hale spoke in reference to pumping plant No. 1, which was said in the report to have been the victim of various unfortunate circumstances. He said the words of the report were true, but he explained that the plant is in an advantageous position and would yet demonstrate the wisdom of the board in constructing it. A number of wells had been sunk, which he said were failures. This could not have been foreseen when sunk. The Santa Ana company has a pumping plant near the Anaheim plant and is getting a large amount of water. He confidently expected the plant would prove itself worth all the money expended upon it.

G. W. Sherwood reported upon the

### Of Interest To Women

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it be believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

progress of water suits up the river. The company had compromised with the Riverside Water Company and others, and was preparing to go into court against other illegal appropriators.

A. S. Bradford reported upon reforesting the mountain watersheds. H. H. Hale spoke of the water-spreading movement, and the stand taken by the Orange county men that no spreading be done until water in the river reached the Olive bridge. This latter led to the withdrawal of the San Bernardino delegates. Mr. Hale said the reason why these delegates withdrew was because they represent Bear Valley reservoir interests. This reservoir is to be largely increased, and another impounding reservoir built at Alfieria flats. The San Bernardino delegates wished to impound all the water they can, and opposed permitting the water to run in the river until it reached Olive bridge. He said Orange and Riverside counties were working together amicably in the matter, and that no spreading would be done until water reached the bridge.

### DR. FRANCIS CLARK TO SPEAK SATURDAY

Dr. Francis E. Clark, father of the Christian Endeavor movement, will speak at the First Presbyterian church on Saturday evening, Feb. 5, at 8 o'clock. Everyone is invited to attend this rally and give Father Endeavor Clark a welcome to Santa Ana and Orange county.

Twenty-nine years ago today, on Feb. 2, 1881, the first Christian Endeavor Society was organized by Rev. Francis E. Clark, D. D., in Wiliston church, in Portland, Me. After ten years, in 1891, there were 16,274 societies in existence, and today there are nearly 72,000 societies with three and one half million members. During these twenty-nine years the movement has spread from one church on the far Eastern coast of the United States to every state of the Union and country of the world, to the armies and navies, to the state prisons and jails, to the life savers and surfmen, to the street car men and commercial travelers, etc. From a strictly young people's society the work has grown so that it now includes senior societies for older Christians, junior for the children, and intermediate societies midway between junior and young people's societies.

Much of the progress of this work has been due to journeys undertaken by Dr. Clark. In the course of these journeys Dr. Clark has circumnavigated the globe more than once, and has visited all the leading nations of Europe, Asia and Africa, as well as Australia and the islands of the Pacific.

Dr. Clark is now just returning from one of these tours, having sailed early last fall from Boston to attend the world's Christian Endeavor convention at Agra, India, in November, and arriving in San Francisco Jan. 31. He is making a ten days' tour of California, accompanied by several officers of the state C. E. Union, and his stop here in Santa Ana will be warmly welcomed.

## ALL KIDNEY MISERY ENDED

A Few Doses Make Lame Back,  
Bladder Distress and All  
Kidney Disorders Vanish

—Usually sufferers from backache, bladder trouble or out-of-order kidneys, feel relieved after several doses of Pape's Diuretic.

Misery in the back, sides, or loins, sick headache, inflamed or swollen eyelids, nervousness, rheumatism and darting pains, heart palpitations, dizziness, sleeplessness, listless, worn-out feeling, and other symptoms of inactive, sluggish kidneys simply vanish. Uncontrollable urination (especially at night) smarting, discolored water and all bladder misery ends.

Feeling miserable and worried is needless because this unusual preparation goes at once to the out-of-order kidneys and bladder, distributing its cleansing, healing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it. The moment you suspect any kidney or urinary derangement, or feel rheumatic pains, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment will make any one feel fine.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

### THREE SENATORS ASK FOR PROBE INTO LIVING COST

WASHINGTON, Feb. 3.—If senatorial resolutions will bring it about, the people will soon know why the cost of living has increased, as Senator Lodge has presented a third proposal for investigation today. It was referred to the finance committee. A similar resolution, introduced by Senator Perkins, is now before the committee on contingent expenses. One by Senator McCumber is being considered by the agriculture committee. All are asking the same thing and refer to the complaint throughout the nation because of the cost of necessities and provide for a congressional investigation to determine the "why" of this condition of affairs.

## OBEY THE LAW

Stop your car on the right hand side of the street, the law requires you to do this for your own safety as well as for the safety and convenience of others. If you are driving a 1910 Reo which has its steering wheel on the left side of the car, your lady can step gracefully to the pavement without being put to the necessity of either getting out in the mud or the equally disagreeable and distasteful alternative of climbing over or under the steering wheel, which is not only annoying but is undignified, to say nothing of the danger of damaging her frock and possibly her temper. Take no chances gentlemen, be on the safe side and the right side. You eliminate all this trouble if you buy a 1910 Reo and your lady will appreciate your good judgment.

#### LOS ANGELES PRODUCE MARKET

The first effect of the boycott on meat and its products became apparent yesterday when the market on ham and bacon declined 1/2 cent on several varieties. This reduction was made by only one of the large packing houses but will probably be followed in a few days by the others. The market on fresh meats has not changed in beef and veal, but a rise of 1/2 cent was recorded in mutton, which of all meats has been the slowest to advance. The quotation on wethers has gone to 11 cents a pound, on yearlings to 12, and on ewes to 11 1/2 cents. Poultry prices have been rising steadily in the past month so that at present dealers are paying the producer more money for poultry than ever before in the history of the business. Hens are bringing 20 cents; fryers, 25; broilers, 28, and so on through the list. Even squab pigeons have jumped from \$1.25 to \$1.75 per dozen. On the local market, there was very little of feature worth mentioning. Prices were unchanged on vegetables, fruits and on the staple commodities. Sales were not exceedingly large in any line and receipts were entirely of a normal character.

Egg arrivals totaled 226 cases. The demand for case-count was very good and 1/2 cent premium was paid on a few sales of this variety made. Eastern stock moved slowly.

Receipts of butter were 12,323 pounds. The market on butter was strengthened a trifle by the lighter arrivals of the day. Lard and cooking were in special call.

Cheese receipts were heavier than

ordinarily, 6371 pounds. The demand was best in the Eastern list. Some imported Swiss and Northern fresh also sold. No prices were changed.

Potato receipts were 1622 sacks. The market on spuds was fairly active. Lompoc again held the center of attention on the buying market, because of their fine quality. There were no changes in onions. The market was quiet and the effect of surplus stock has not as yet been obliterated. There were no arrivals reported yesterday.

Bean receipts were 802 sacks. Pinks were the best sellers, although they were offered and traded under the quoted prices by considerable margin.

Sweet potato arrivals were 121 sacks. There were no changes in sweets. The receipts of lettuce were better, some northern stock having been received. This was principally of the escarol and endive variety, selling at 40 cents per dozen heads.

Another car of apples was received here on consignment. The apples were of the white winter permanent variety and sold slowly. The northern market is oversupplied and many dealers are looking for a different outlet than the local trade to move their stock.

No waiting for customers in our merchandise department. Our blacksmithing department keeps the sales force busy between times. This means a saving to you on your implement and vehicle purchases. J. C. Williams & Son, Orange.

The newly elected board of directors of the Santa Ana Chamber of Commerce organized for the year last night. The annual report of the secretary, J. A. Willson, was read and placed on file. The board discussed plans for the year.

The secretary's report follows:  
Gentlemen: In presenting my annual report for the year 1909, I have not, perhaps, as many actual achievements to record as may have been included in previous reports, but enough I believe, to show a continued activity on the part of the Chamber and a consistent policy for the progress of our community.

Perhaps the most noteworthy accomplishment of the Santa Ana Chamber of Commerce during the year just passed was the effort to bring all the kindred bodies of the county together in one general organization, which was signally successful in the formation of the Associated Chambers of Commerce, through which greater harmony and consequent greater working strength is already in evidence.

The most important movement undertaken by this Associated body thus far has been the good roads project, which though not perfected as yet, bids fair to be at an early date. Many other matters of importance have been discussed and acted upon by this county organization, which is the most representative body of that nature which has heretofore existed in this section.

Among other matters pertaining more directly to the welfare of Santa Ana which have been acted upon by the Chamber during the past year may be mentioned the assistance rendered in the organization of Company L, an invitation to the children of Chicago to include Santa Ana in their excursion through Southern California; an active participation in the annual Carnival of Products; the Chamber endorsed the movement for better school facilities for the city and extended its influence to assist in carrying the bonds for the same; worked through a special committee for the enlargement of Birch Street Park; was successful and an addition was secured; requested the Southern Pacific to place a gasoline motor on the Santa Ana line; attempted to secure a round-trip daily over the Pacific Electric to Pasadena; assisted in advertising Santa Ana at the Elks' Carnival in Los Angeles and furnished abundant literature for that purpose; secured an annual appropriation from the city council of \$500 for the purpose of advertising the city; furnished material for a fifteen-page write-up of the city in the "Western Monthly" at Salt Lake City, and also a 1000-word article for the American Weekly; attempted to secure a short stop of President Taft's train at Santa Ana, which would have been successful except for the fact that the president was compelled to alter his plans and eliminate the trip to San Diego; assisted in securing the Grand Encampment of the Odd Fellows at Santa Ana in 1910; took up the matter of handling local freight over the Pacific Electric between this city and Huntington Beach; participated in preparing the memorial for Hon. W. H. Spurgeon in honor of his eightieth birthday and the fortieth anniversary of the first settlement of Santa Ana; requested the City Board of Trustees to have a light placed at each corner of the court house grounds; placed signs advertising Santa Ana at the depots in this city and also at Watts.

Over 2600 letters of inquiry have been received and answered during the past year and upwards of 30,000 pieces of literature have been distributed through the Chamber. The products exhibit at the Los Angeles Chamber of Commerce has been maintained in good condition by the Secretary, the last consignment from this Chamber being about three tons of fresh fruit and vegetables. Thirty-two new views of Orange county have also been added to the exhibit there. Twenty-eight new members have been added during the year. Amount collected from Feb. 1, 1909, to Feb. 1, 1910, \$1589.50. Amount paid out during this said time, \$1543.43. Balance on hand Feb. 1, 1910, \$46.07. Dues uncollected Feb. 1, 1910, \$86. Also, we have about 15,000 pamphlets on hand for distribution and paid for.

Respectfully submitted,  
J. A. WILLSON,  
Secretary Chamber of Commerce.
